Codeboxr · Dhaka, Bangladesh

May 2018 - Aug 2018

Front-end Engineer Trainee

- Built web application templates with HTML, CSS and ReactJS.
 - Prepared technical documentation for front-end applications.
-

PROJECTS

NextLMS

Open Source learning platform. I actively maintain and lead a community of developers in the continuous enhancement. Leveraging my expertise in Next.js, I contribute to enabling responsive and cross-platform capabilities.

Shaplachart

JavaScript chart library for data visualization. Leveraging modern technologies including HTML5 Canvas and SVG, the library supports a wide range of chart types. Regularly engage with the user community to gather feedback and incorporate user-driven enhancements into the system.

Shodai

eCommerce grocery ordering website. Implemented PWA and Scalable architecture. Deployed on cloud and uses S3 bucket for storage.

SKILLS

HTML, CSS, JavaScript, TypeScript, TailwindCSS, React, React Native, Redux-toolkit, D3, REST, GraphQL, WebSocket, Git, Figma, AWS, CI/CD, Community leadership.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Science & Engineering

Daffodil International University (2017 - 2020)

AWS Certified Solution Architect - Associate

Amazon Web Services

OTHER ACTIVITIES

- Contributing on open source projects.
- Lead a local developer community. Organize hackathons and meetups.
- Doing developer advocacy and create content on [youtube](#) and write blogs [medium](#).
